

FUTURE ARTIST AT WORK AT THE CONCOURS

By Wayne and Carolyn Davidson

We exhibited our 1953 Hudson Hornet at the 2014 Art of the Car Concours this past Sunday. A father and his two sons, age 4 and 6, came by, sat on the ground in front of our Hudson and the two sons drew pictures of our car, which they referred to as "Doc Hudson's Car".

Here are three photos we took of this wonderful experience on the campus of the Kansas City Art Institute.

This pleased us so much that the Kansas City Art Institute not only benefits from the proceeds of the Concours, but also benefits by attracting potential future art students.
