**Total Performance – Powered by Ford**

In 2016, the Concours' Special Exhibitor vehicles will be "Total Performance — Powered by Ford". This will celebrate Ford's "Total Performance" promotional program of the 1960's and the 50<sup>th</sup> Anniversary of Ford's 1-2-3 victory at the Le Mans 24-Hour Endurance Race in 1966, which was a notable result. The program also saw Ford-powered cars win the Indianapolis 500, Grand Prix Drivers and Manufacturers' World Championships, numerous NASCAR races, Sports Car Club of American National Championships, and top-level drag races. This summer, Ford will return to Le Mans with a competition version of its 2017 Ford GT.

We are excited to announce that we have secured a priceless original 1964 FIA 289 Cobra Roadster CSX2345 from Steve Volk and the Shelby American Collection Museum in Boulder,

Kansas City Charitable Foundation. Second place will receive \$1,000 and third \$750. The three final designs were culled from 13 student entries.

The cars, provided by Baron MINI, will go back to the dealership after the show and will be available for sale to the public. [Read more...](#)
